7. Bike Quantity

Weighted Concerns

# Lessons Learned

- Right-of-Way Use Permit
- Begin as a pilot program
- Limit number of permits issued
- Require proven track record

# Permit Framework

- Bike Types
- Bike Quantity
- Vendor - educate user on parking
- Vendor - complaint response timeframes
- Seasonal quantity reductions
- Performance Measures
- Permit fees & Performance Bond
- Insurance and Indemnification

# Next Steps

- Develop draft ordinance
- Identify pilot program parameters
- Identify permit conditions
